Clinical Team

TUCC's clinical team consists of sub-specialists within the field of urology. Patients are treated by the professionals with the most experience in each specific area. Our staff is dedicated to our referring providers and their patients. We commit to providing the best care possible, while keeping you informed throughout treatment.

Brett B. Abernathy, M.D.

- Stone disease
- Vasectomy
- Prostate disease

Christopher J. Dru, M.D.

- Da Vinci Robotic Prostatectomy
- Da Vinci Robotic Kidney Surgery
- Da Vinci Robotic Prolapse Repair
- Kidney Stones and BPH
- Female Incontinence

Stephen Bales, R.N., N.P.

- Robotic surgical assisting
- General urology

Amanda Ferguson, B.S.N., F.N.P.

- Men's urologic health
- Erectile dysfunction
- COREWAVE™ Therapy for erectile dysfunction
- Assist with Radiation Oncology Patients
- ADT therapy for prostate cancer
- Prostate Cancer Management (including Androgen Deprivation Therapy and Radiation Oncology)

Benjamin T. Carpenter, M.D.

- Urethral stricture disease, including urethroplasty
- Urologic oncology
- Minimally invasive laparoscopic and robotic surgery (kidney, prostate)
- Medical & surgical management of erectile dysfunction & urinary incontinence
- Stone disease
- Vasectomy

Jennifer Gomez, M.M.S., P.A.-C.

- Men's urologic health
- Erectile dysfunction
- Testosterone replacement therapy
- ADT therapy for prostate cancer
- Robotic and minimally invasive surgical assisting

Kara K. Choate, M.D.

- Percutaneous kidney stone surgery
- Endoscopic treatment of prostate enlargement
- Prosthetic urology
- Evaluation and treatment of female urologic issues

Richard K. Heppe, M.D.

- Minimally invasive prostate surgery
- Men's urologic health
- (including testosterone replacement and impotence)
- Male fertility & microsurgery
- Vasectomy & vasectomy reversal
- Penile implants
- Peyronie's & Xiaflex
- Green Light Laser

Julien E. Dagenais, M.D.

- Minimally invasive (da Vinci robotic and laparoscopic) kidney, ureteral, bladder, and prostate surgery
- Urologic oncology
- Reconstructive surgery for ureteral stricture disease
- Prostate enlargement, male incontinence and impotence, men's health

Elias I. Hsu, M.D.

- Female pelvic medicine & reconstructive surgery (board certified)
- Female urology (including vaginal vault prolapse)
- Female & male urinary incontinence (slings, bulking agents, botox, posterior tibial nerve stimulation & sacral neuromodulation)
- Laparoscopic & robotic surgery
- (prolapse, ureteral reimplantation, vaginal fistulas, bladder, kidney, ureter)

Marklyn J. Jones, M.D.

- Minimally invasive robotic surgery (bladder, kidney, prostate, ureter)
- Laparoscopic surgery
- Urologic oncology

David C. Ragan, M.D.

- Advanced Therapeutics Clinic (ATC) Co-Director
- Medical management of prostate & bladder cancer
- Stone disease treatment & prevention
- Percutaneous (PCNL) removal of large kidney stones

Lawrence I. Karsh, M.D., F.A.C.S.

- Director, TUCC Clinical Research Dept.
- Advanced Therapeutics Clinic (ATC) Co-Director
- Urologic Oncology with focus on bladder and prostate cancer
- Fluent in Spanish

Stephen R. Ruyle, M.D., F.A.C.S.

- Robotic radical prostatectomy
- Neurogenic bladder
- Stone disease
- Vasectomy
- MRI/Ultrasound prostate fusion biopsies
- COREWAVE™ Therapy for erectile dysfunction

Daniel A. Kaufman, M.D.

- Kidney Stone Disease
- Endourology
- BPH
- Urethral Stricture Disease
- Erectile Dysfunction/Peyronie's Disease
- Male and Female Incontinence
- UroLift

Shelly Shadrick, P.A.-C.

- Men's urologic health
- Testosterone replacement
- Stone disease
- Surgical assisting

Donald J. May, M.D.

- Laparoscopic & renal surgery
- Pediatric urology
- Stone disease
- Reconstructive surgery
- Urologic prosthetics

Brian R. Smith, M.D.

- Stone disease
- BPH & Greenlight surgery
- Prostate cancer & SpaceOar
- MRI fusion prostate biopsy
- Neurogenic bladder

Juan D. Montoya, M.D.

- President, The Urology Center of Colorado
- Robotic surgery
- Prostate cancer management
- Neurogenic bladder & voiding dysfunction
- Stone disease
- Fluent in Spanish
- COREWAVE™ Therapy for erectile dysfunction

Carsten M. Sorensen, M.D.

- TUCC Medical Director
- USCC Medical Director
- Kidney stone disease treatment & prevention
- BPH & greenlight laser surgery

Ferdinand J. Mueller, Jr., M.D.

- Neurogenic bladder
- Disorders of the testis
- Vasectomy
- Stone disease

John W. Tillett, M.D., F.A.C.S.

- Men's urologic health (erectile dysfunction & testosterone replacement)
- Stone disease
- Chronic testicular pain
- Robotic and laparoscopic kidney surgery
- Male infertility & microsurgery

Alexander C. Philpott, M.D.

- Prostate disease
- Stone disease
- Vasectomy

Lisa Zwiers, P.A.-C.

- Recurrent UTIs
- Female urinary incontinence
- Voiding dysfunction
- Urodynamic testing & interpretation
- Neuromodulation programming
- Overactive
- Prolapse pessaries

Thomas J. Pugh, M.D.

- Director, Radiation Oncology
- Radiation treatment of urologic cancers
- External beam radiation therapy utilizing 3D conformal, IMRT, IGRT and SBRT
- Prostate brachytherapy
- Xofigo
- SpaceOAR
